

## **Blueprint Builder**

I promise that:

### **First:**

I know that I have the ability to achieve my Definite Purpose in life, and I'm taking continuous and persistent action toward its achievement.

### **Second:**

I realize the dominating thoughts of my mind always reproduce themselves in action, and consistently transform themselves into reality. Therefore, I concentrate my thoughts for thirty minutes daily on the person I am becoming, thereby creating a clear mental picture of that person.

### **Third:**

I know that any desire or hope I persistently hold in my mind always manifests itself into physical reality through the law of auto-suggestion. Therefore I work on expanding my self confidence daily.

### **Fourth:**

I have clearly written down my definite major purpose in life, and I am developing the self-confidence needed for its attainment.

### **Fifth:**

I know that truth and justice alone can build lasting wealth and position, therefore, I only engage in transactions which benefit all whom they affect. I succeed by attracting to myself the forces I wish to use, and the cooperation of other people. I induce others to serve me, because of my willingness to serve others. I have eliminated hatred, envy, jealousy, selfishness, and cynicism, by developing love for all humanity, because I know that only a positive attitude toward others always brings me success. I cause others to believe in me, because I believe in them, and in myself.

I have signed my name to this formula, committed it to memory, and repeat it aloud once a day, knowing how it continually influences my thoughts and actions towards higher and higher levels of self-reliance and success!

I always keep my promises!
